

Assignment-1
HTML AND CSS

Assignment Date	02 September 2022
Student Name	M Balaji
Student Roll Number	310119104016
Maximum Marks	2 Marks

Question-1:

Create a user registration page from with following fields Name:

Email:

Mobile:

City:

State:

Country:

Solution:

Index.HTML

```
<!DOCTYPE html>

The screenshot shows a web browser window with the address bar displaying "C:/Users/CSE-LAB2-S21/Downloads/registration%20form.html". The main content area features a registration form with a yellow-to-purple gradient background. The form is titled "Registration Form" in bold black text. Below the title, there are four input fields stacked vertically: "Enter Name !", "Enter Email !", "Enter Mobile !", and "Enter City !". To the right of these fields, there is a dropdown menu for "Enter State..." and two radio buttons labeled "Female" and "Male". At the bottom of the form, there are three input fields: "Enter Mobile...", "Enter City...", and "Enter State...". To the right of these fields, there are two checkboxes, each with a small square icon next to it.
